WORK EXPERIENCE

Full Stack Developer(MERN)

Sortwind Pvt. Ltd   From 03-06-23 To 4-09-23 (3 Months)

In this internship, I was working as a full stack developer as a MERN stack developer. Converted figma files to responsive UI components using React.js also worked on backend creating API's and managing databases SQL and NoSQL.

PROJECTS

PizzaApp : https://pizzaapp-th4d.onrender.com

Description: This is a complete full stack app where, I have used MERN stack for creating it and used SASS for styling. In this app Razorpay Payment Gateway is also integrated and nodemailer is also used to provided forgot password feature by sending mail.

BlogApp: https://mern-blogsapp.onrender.com

Description: This is also a full stack app where, MERN stack is used in both the projects mentioned Redux is used for state management. In this app user can post blogs and for posting blogs user need to create a account in it.

Demo Email and Password for both Apps

Email : paragborkar200@gmail.com

Pass: parag.47
